

## 2<sup>ND</sup> Annual ASEAN Solar + Energy Storage Congress & Expo 2017 will be held in Philippines in November

In the coming November 14<sup>th</sup>- 15<sup>th</sup> , hosted by Leader Associates, co-organized by the Philippine Solar Power Alliance (PSPA), the Asian Photovoltaic Industry Association (APVIA) 2<sup>ND</sup> Annual ASEAN Solar + Energy Storage Congress & Expo 2017 will be held in The Bellevue Manila, Philippines. People from Philippines, Thailand, Malaysia and other ASEAN areas' governments, utilities, independent energy producers, developers, distributors, installers as well as other related sectors are invited to together discuss applications, opportunities and challenges for solar and energy storage development in ASEAN market.

The event is also officially endorsed by Department of Energy, greatly supported by the Philippine Independent Power Producers Association(PIPPA), International Clean Energy & Sustainability Network(ICESN), the Malaysian Photovoltaic Industry Association (MPIA), the German-Philippine Chamber of Commerce and Industry(GPCCI) and many other associations.

The organizers have the honour to invite Hon. Alfonso G. Cusi, Secretary of the Department of energy of the Philippines and Tetchi Cruz-Capellan, president of the Philippines Solar Power Alliance to address the conference. A total of 8 panel discussions of 2 days conference, topics spread around the market of the solar energy in Philippines, Thailand, Indonesia and other countries, the combination of solar energy and energy storage, financing and investing in clean energy projects in ASEAN and several hot issues. The conference also invited senior executives from well-known enterprises such as Philippines local new energy listed companies and the world's largest solar system installation operators to the conference site to share successful experience in industry projects.

In order to give the participants a better experience, the conference not only has the novel industry perspective, most of the mainstream energy storage companies also set up an exhibition booth outside the main venue, display the products to customers more intuitively. The organizers also set up online reservation function for the delegates who has project cooperation requirement before the conference, and opened a one to one meeting room to build a bridge between delegates and potential customers.

The conference aims to promote the development of solar and energy storage in ASEAN, devote itself to become a cardiotonic of promoting the market of solar and energy storage in ASEAN area.

Enterprises currently involved in are LONGI Solar, ASTRONERGY, TrinaBESS, nv vogt, JUWI, CONERGY, SUNGROW, Wärtsilä, Greensmith, DFDL, Duane Morris, Munich RE, DOOSAN, WANKE, Growatt, EnerSys, TBEA, JA SOLAR, SUNWODA, Clean Horizon, McNair, SunAsia, TXTB, Sinexcel, MENSHINE, Sinocom ect.

The scale of the conference will reach 600 people, it is a great event that the industry insiders can not miss. Looking forward to meeting you in the beautiful Manila. For further details, please call
